Leadership
in world challenges

Develop yourself and make the world more resilient.

Join our graduates@swissre programme 2020

- Start of application period: September 2019
- Start of programme: September 2020
- Go to <http://careers.swissre.com/> and create your future!

How can we make the world more resilient to **natural disasters?**

Where will the money come from to care for our **ageing population?**

What can be done to promote **sustainable economic growth?**

These are the kind of global issues that make life today so challenging and a job at Swiss Re so rewarding. By analysing and responding to the major risks the world faces we have a positive impact on business and society.

Join one of the world's leading re/insurers and you'll be part of a bright, energetic, and diverse team that is shaping a strong future for our business – and for your career.

Your opportunity:

interns@swissre

Each year, Swiss Re offers a number of motivated students the opportunity to join our interns@swissre programme. We target students who have a strong academic record and a desire to work in the re/insurance industry. These internships are placed throughout different business areas. This is the opportunity to give bright and highly motivated students a hands-on experience with real global issues and the chance to launch their career at Swiss Re.

graduates@swissre

The 18-month graduates@swissre programme offers you exceptional training along your chosen development track. The programme combines general business learning modules and specific technical modules allowing you to develop a well-rounded curriculum including analytical, communication and leadership skills development linked to Swiss Re's corporate principles and strategy. Additionally, you will undertake a 16 week job rotation and will meet and interact with people from different countries, with varying backgrounds and different professional experiences.

You'll find all information you need to know at <http://careers.swissre.com> or meet us at one of our upcoming university events.

Go to <http://careers.swissre.com> and find your future!
